

BADGE RELEASE PROGRAM

Save Time & Money. The Badge Man will hold prepaid badges in stock for future personalization as you need them. Put in as few as you like or as many as you like. We provide you with a Badge Release Form with your release number, customer number, email address & basic company information. Badges in the program must be used up in 2 years. Date plan starts and ends is also on the release form.

Each badge in the program costs \$1.70 each to help cover mailing costs.

To order badges simply send us your release number with the names and titles and anything else going on them and we will make them within 72 hours and mail out with Canada Post. Courier service can be arranged on RUSH orders.

There is a lot of space on the release form for you to keep track of the number of badges you used in the program, the date you ordered and employee names.

Note: Stock Must Be Used Within 2 Years From Date Of Order.
